ORAL PRESENTATION INSTRUCTIONS
(INCLUDING STUDENT ORAL COMPETITION)

There are three concurrent sessions taking place at various times on Thursday, Friday, and Saturday (May 3-5).

Each presenter will have 15 minutes to present, please ensure you include time for questions, within this time period. Please be on time and prepared.

Audio Visual: We are using a Presentation Management system for the Annual Conference to manage the electronic presentation materials for the plenary sessions and other educational components (oral sessions) where multiple presenters are involved. Presenters are requested to submit their presentations in advance via the Presentation Upload Website. If you have not received this information, please contact the conference secretariat at meetings@ammi.ca.

Please note that PowerPoint is preferred and all presentations should be prepared in 16:9 ratio.

You will be unable to delete a previously submitted document. However, you are permitted to upload a revised file using a new file name. It's strongly recommended that you review your presentation AT LEAST 24 hours prior to your session in the Speaker Ready Room on site at the Sheraton Vancouver Wall Centre – Blue Whale room (3rd Floor, B Tower).

Although we take every precaution to ensure files are not corrupted during the file upload, it is always recommended that you BRING A BACKUP copy of your presentation on a USB stick.

The session rooms are networked together, each with a single custom configured computer thereby eliminating the complicated process of switching laptops between presenters. The network allows for the presentations to be transferred electronically to the presenter's assigned session rooms allowing for improved efficiency during the sessions and better service for speakers.

A SPEAKER READY ROOM is available on-site. It will be located in the Blue Whale room (3rd Floor, B Tower) of the Sheraton Vancouver Wall Centre. We ask that you visit the speaker ready room to review your presentation at least 24 hours prior to your session time.

All presenting authors MUST be registered for the annual conference no later than Monday, March 12, 2018. If registration is not complete by this date, the abstract will be REMOVED and will NOT be published.

All ORAL Presenters MUST complete a Conflict of Interest declaration, for accreditation purposes, by Monday, March 12, 2018. ONLINE SUBMISSION

STUDENT ORAL COMPETITION Presenters MUST also fill in and submit to (meetings@ammi.ca) the Student/Technologist/Trainee Award Competition Form, by Monday, March 12, 2018. FORM
